

Sr. Helen Skormisley has been the Executive Director of the Sisters of St. Joseph Health and Wellness Foundation since it was created in 2001. During that time, she has drawn on her experience as an adult nurse practitioner and clinical therapist (addiction, trauma, grief) to guide the Foundation in responding to the most critical needs of WV children and their families most notably mental health needs in WV School-Based Health Clinics and Child Advocacy Centers. Most recently, the Foundation has been focused on supporting anti-trafficking and drug addiction treatment programs.
