# New Chapters

This year we are taking our Annual Conference to Wheeling, WV. Together we will explore the vast range of possibilities that philanthropy catalyzes, because a state that invests, connects and cares for their communities in the Mountain State is a healthier and more productive place to live and work in.

Last year, PWV's annual conference attracted over 100 participants. Communication for the conference reached 875 email subscribers and over 2,400 social media followers, and 12 organizations supported PWV annual gatherings through sponsorships.

This is our chance to broaden our networks. Deepen our relationships. Learn from each other. Increase our impact. Touch more lives.
